

We would like to give you an update on our food drive. With a generous help and support from the community we raised \$2,000 cash and 12 boxes of food donation. A total of 48 families participated in cash donation and 23 families participated in food donation. Many volunteers from the community made this job possible in just 3 days from December 20 -22. A big thank you to all volunteers and members of the committee who participated in this food drive. As discussed, and suggested by the executive committee members of the Bangladesh-Canada Association, Windsor-Essex, we distributed food and cash donation among the following agencies today:

1. Unemployed Help Centre
2. Downtown Mission, and
3. Windsor Islamic Association

### **Congratulations**

to all of you who worked so hard to make this a successful food drive. We are among the few communities, where people fight to work for the community. We are blessed with so many of people like you. It is an amazing job that you all always do. But this time, we finished the race as winners! Thanks to all the donors. It is the month of December. The month of victory of Bangladesh. We see the same spirit today in our community that we see in the people of Bangladesh in liberation war in 1971. In Canada, no one should be living in street or going to bed hungry! But there are people like that. So we tried to do little to help the people who are in need. Someday, we will help to change the system to avoid having this problem InshAllah. Until then, we do as much as we can whenever possible InshAllah. Again, May Allah shower you with blessings and good health.

Cheers

Fazle Baki, Vice President, BCAWE

Harun-or-Rashid, General Secretary, BCAWE
